

## CURRICULUM VITAE

MICHAEL J. GRAY

656 Bevill Biomedical Research Building  
Department of Microbiology  
University of Alabama at Birmingham  
Birmingham, AL 35209

mjgray@uab.edu  
office: (205) 934-6293  
cell: (607) 351-5320  
[www.graymicrolab.com](http://www.graymicrolab.com)

## EDUCATION

**Ph.D.** in Microbiology, University of Wisconsin – Madison, Madison, WI, 2010.

*Thesis:* Synthesis, remodeling, and salvaging of the lower ligand of coenzyme B<sub>12</sub>.

**M.S.** in Food Science, University of California – Davis, Davis, CA, 2001.

*Thesis:* The NarX histidine kinase of *Escherichia coli*; the central domain and ligand-responsive autophosphorylation.

**B.S.** in Food Science, Cornell University, Ithaca, NY, 1999.

## PROFESSIONAL EXPERIENCE

**Assistant Professor (tenure track)**, Microbiology, University of Alabama at Birmingham (Jan. 2016 – present) Head of lab researching molecular stress response in intestinal bacteria. Duties include conducting and directing research, mentoring graduate and undergraduate students, writing grants and scientific papers, teaching microbiology and scientific communication to graduate and medical students, and service on departmental and university committees.

**Research Laboratory Specialist Intermediate**, Molecular, Cellular, and Developmental Biology, University of Michigan (Jan. 2015 – Dec. 2015) Conducted research on bacterial responses to oxidative stress, using biochemical, genetic, transcriptomic, physiological, and biophysical methods. Also supervised undergraduate researchers and assisted with grant and manuscript preparation.

**Postdoctoral Research Fellow**, Molecular, Cellular, and Developmental Biology, University of Michigan (June, 2010 – Jan. 2015) Conducted research on bacterial responses to proteotoxic reactive chlorine stress, using biochemical, genetic, transcriptomic, physiological, and biophysical methods. Also supervised undergraduate researchers and assisted with grant preparation.

**Lab Technician III**, Cornell University Food Safety Laboratory (Jan. 2002 – July 2004) Conducted research on food-borne pathogens *Listeria monocytogenes* and *Vibrio parahaemolyticus*. Experiments involved use of mammalian tissue culture techniques and the construction and use of promoter fusion constructs. Also assisted in general lab maintenance and support of other researchers.

**Research Assistant**, Cornell University Food Safety Laboratory (June 1997 – Aug. 1999) Assisted with research on food spoilage bacteria and pathogens including *L. monocytogenes* and *V. parahaemolyticus*. Experiments involved both phenotypic and molecular techniques.

## GRANT SUPPORT

### Current

NIH R35 GM124590-01 09/01/17 - 08/31/22  
Title: Bacterial responses to reactive chlorine stress and their role in host-microbe interactions.  
Role on project: PI  
Annual direct costs: \$250,000

### Past

Faculty Development Grant Program 2016–2017 (UAB) 05/16/16 - 08/31/17  
Title: Reactive chlorine sensing in the probiotic *Escherichia coli* Nissle 1917  
Role on project: PI  
Annual direct costs: \$10,000

UAB Center for Clinical and Translational Science 06/24/16 - 03/31/17  
CCTS Research Vouchers Program, NIH UL1TR001417  
Title: Bioinformatics support for studies of the effect of inflammatory stress on commensal *E. coli*  
Role on project: PI  
Funding: \$3,750

NIH F32 GM096613-01 09/01/11 - 08/31/13  
Title: Cellular stress response to the oxidizing effects of bleach  
Role on project: PI (postdoctoral fellow)

NIH T32 AI07528-12 09/01/10 - 8/31/11  
Title: Characterization of the hypochlorous acid stress response in bacteria and its role in bacterial colonization  
Role on project: Appointee (postdoctoral fellow)  
PI: Victor DiRita (Program Director)

## PUBLICATIONS

ORCID iD = 0000-0002-7112-4188  
*h*-index = 19 (Google Scholar, 5/6/19)

### Manuscripts in preparation:

1. Derke, R.M., Barron, A.J., Chaple, I.F., Lapi, S.E., Broderick, N.A. and **Gray, M.J.** RclA is a thermostable copper (II) reductase required for reactive chlorine resistance and host colonization in *Escherichia coli*. *In preparation for Proc Nat Acad Sci USA.*

### Submitted manuscripts:

1. Basu Thakur, P., Long, A.R., Nelson, B.J., Kumar, R., Rosenberg, A.F., and **Gray, M.J.** Complex responses to inflammatory oxidants in the probiotic bacterium *Lactobacillus reuteri*. *Submitted to mSystems. Preprint available online: <http://biorxiv.org/cgi/content/short/605881v1>*
2. Singer, J.R., Blosser, E.G., Kumar, R., Zindl, C.L. Silberger, D.J., Morrow, C.D., **Gray, M.J.**, Randolph, D.A., and Weaver, C.T. Mechanisms to Prevent or Promote Late Onset Sepsis by Altering Primary Succession of the Neonatal Microbiome. *Under revision for Nature Medicine.*

## INVITED TALKS

1. "Stringent alleles of RNA polymerase inhibit inorganic polyphosphate accumulation in *Escherichia coli*." Gordon Research Conference on Microbial Stress Response. July 18, 2018. Mount Holyoke, MA.
2. "Regulation of inorganic polyphosphate, a universal bacterial stress response factor." University of Alabama at Birmingham Microbiology Department Seminar Series. May 29, 2018. Birmingham, AL.
3. "Stress regulation of inorganic polyphosphate, a ubiquitous primordial chaperone." University of Maryland Baltimore County Department of Biological Sciences Seminar Series. Nov. 29, 2017. Baltimore, MD.
4. "Bacterial responses to reactive chlorine stress: the role and regulation of inorganic polyphosphate." University of Alabama at Birmingham Biology Department Seminar Series. Apr. 19, 2017. Birmingham, AL.
5. "Bacterial responses to reactive chlorine stress." University of Alabama at Birmingham / Society for Redox Biology and Medicine Regional Redox Symposium. 2017. Birmingham, AL.
6. "Hypochlorous acid stress response in the probiotic *Lactobacillus reuteri*." Molecular Genetics of Bacteria and Phages Meeting. 2015. Madison, WI.
7. "Polyphosphate is a Primordial Chaperone. Gordon Research Conference on Stress Proteins in Growth, Development, and Disease." 2013. Mt. Snow Resort, West Dover, VT.
8. "Polyphosphate is a Bleach-Induced Chaperone." Midwest Stress Response and Molecular Chaperone Meeting. 2013. Evanston, IL.
9. "The cobinamide amidohydrolase (cobyrinic acid-forming) CbiZ enzyme: a critical activity of the cobamide remodeling system of *Rhodobacter sphaeroides*." Gordon Research Conference on Vitamin B<sub>12</sub> and Corphins. 2009. Oxford, UK.

## POSTERS

1. Molecular Genetics of Bacteria and Phages Meeting. 2018. Madison, WI.
2. Gordon Research Conference on Microbial Stress Response. 2018, Mt. Holyoke, MA.
3. American Society for Microbiology Microbe 2017, New Orleans, LA.
4. Gordon Research Conference on Microbial Stress Response. 2016, Mt. Holyoke, MA.
5. Molecular Genetics of Bacteria and Phages Meeting. 2015. Madison, WI.
6. Gordon Research Conference on Microbial Stress Response. 2014, Mt. Holyoke, MA.
7. Gordon Research Conference on Stress Proteins in Growth, Development, and Disease. 2013. Mt. Snow Resort, West Dover, VT.

8. Federation of American Societies for Experimental Biology Conference on Mechanisms and Regulation of Prokaryotic Transcription. 2013. Saxton's River, VT.
9. Gordon Research Conference on Microbial Stress Response. 2012, Mt. Holyoke, MA.
10. Federation of American Societies for Experimental Biology Conference on Mechanisms and Regulation of Prokaryotic Transcription. 2011. Saxton's River, VT.
11. Gordon Research Conference on Vitamin B<sub>12</sub> and Corphins. 2009. Oxford, UK.
12. General Meeting of the American Society for Microbiology. 2009. Philadelphia, PA.
13. Wind River Conference on Prokaryotic Biology. 2006. Wind River, CO. (*Won poster award.*)

## TEACHING EXPERIENCE

### **Courses taught:**

- May 9 – 29, 2019: Co-instructor for graduate-level UAB Scientific Communication course (GBS 768) – designed and taught 3 lectures, participated in assessing student writing throughout module
- Jan. 7 – Feb. 1, 2019: Course director for graduate-level UAB Prokaryotic Genetics and Molecular Biology course (GBS 760) – designed and taught 6 lectures, coordinated the rest of the module
- Nov. 30, 2018: Led two 2-hour bacterial pathogenesis case discussion sections for UAB School of Medicine medical students. (Developed one of the cases used.)
- Apr. 30 – May 24, 2018: Co-instructor for graduate-level UAB Scientific Communication course (GBS 768) – designed and taught 3 lectures, participated in assessing student writing throughout module
- Jan. 8 – Feb. 2, 2018: Course director for graduate-level UAB Prokaryotic Genetics and Molecular Biology course (GBS 760) – designed and taught 7 lectures, coordinated the rest of the module
- Dec. 1, 2017: Led two 2-hour bacterial pathogenesis case discussion sections for UAB School of Medicine medical students. (Developed one of the cases used.)
- Nov. 1 & 6, 2017: Co-instructor for graduate level UAB Advanced Topics in Bacterial Pathogenesis course (GBS 748) – designed and taught one lecture and coordinated one 2-hour student presentation session on the same topic
- May 1 – 26, 2017: Co-instructor for graduate-level UAB Scientific Communication course (GBS 768) – designed and taught one lecture, participated in assessing student writing throughout module
- Jan. 3 – 27, 2017: Co-course director for graduate-level UAB Prokaryotic Genetics and Molecular Biology course (GBS 760) – designed and taught 5 lectures, helped coordinate the rest of the module (with Michael Niederweis, UAB Department of Microbiology)
- Nov. 2, 2016: UAB Center for Free Radical Biology Journal Club (with Jeffrey Morris, UAB Department of Biology)

Fall 2016 - present: Co-course director for UAB Bacterial Pathogenesis and Physiology journal club (GBSC 720) – meets weekly during the semester

Winter 2012: Co-designed and taught Microbiology 295, Introduction to Research in the Microbial World (1 credit), along with 3 other postdoctoral research fellows (U. of Michigan Microbiology Department).

Summer 2009: Co-designed and taught a four-day introduction to fundamental microbiology lab techniques with one other graduate student (U. Wisconsin-Madison Research Experience for Undergraduates).

Fall 2007: Teaching Assistant responsible for leading weekly discussion sections and grading exams in introductory-level undergraduate microbiology lecture course (U. Wisconsin-Madison).

Fall 2006 and Spring 2007: Participated, along with a group of faculty, post-docs, and graduate students, in the design of a new introductory-level microbiology course, emphasizing the implementation of active learning techniques (U. Wisconsin-Madison).

Fall 2006: Teaching Assistant responsible for preparing and delivering lectures, teaching microbiology techniques, and grading for twice-weekly sections in introductory-level undergraduate microbiology laboratory course (U. Wisconsin-Madison).

Spring 2005: Teaching Assistant responsible for grading, holding office hours, and delivering one lecture in a graduate-level survey course in prokaryotic molecular biology (U. California-Davis).

**Graduate students mentored:**

Oct. 16, 2017 – present: Marvin Bowlin (UAB Graduate Biomedical Sciences), Ph.D. student

Mar. 3, 2016 - present: Rhea Derke (UAB Graduate Biomedical Sciences), Ph.D. student

Aug. 13, 2018 – Oct. 12, 2018: Nicole Arroyo Diaz (UAB Graduate Biomedical Sciences), rotation student

Aug. 14, 2017 – Oct. 13, 2017: Rachel Muir (UAB Graduate Biomedical Sciences), rotation student

Jan. 3, 2017 – Mar. 10, 2017: N'Toia Hawkins (UAB Graduate Biomedical Sciences), rotation student

Oct. 17, 2016 – Dec. 16, 2016: Ashleigh Riegler (UAB Graduate Biomedical Sciences), rotation student

Aug. 15, 2016 – Oct. 14, 2016: Benjamin Hunt (UAB Graduate Biomedical Sciences), rotation student

**Service on graduate student thesis committees:**

2016 - present: Rhea Derke (Ph.D. student, UAB Graduate Biomedical Sciences - mentor)

2017 - present: Marvin Bowlin (Ph.D. student, UAB Graduate Biomedical Sciences - mentor)

2016 - present: James L. Kizziah (Ph.D. student, UAB Graduate Biomedical Sciences, T. Dokland lab, UAB Department of Microbiology)

2017 - present: N'Toia Hawkins (Ph.D. student, UAB Graduate Biomedical Sciences, T. Dokland lab, UAB Department of Microbiology)

2017 – present: Saman M. Najmi (Ph.D. student, UAB Graduate Biomedical Sciences, D. Schneider lab, UAB Department of Biochemistry and Molecular Genetics)

2017 – present: Ashleigh Riegler (Ph.D. student, UAB Graduate Biomedical Sciences, C. Orihuela lab, UAB Department of Microbiology – chair of dissertation committee)

2019-present: Charlene Farmer (M.S. student, UAB Multidisciplinary Biomedical Science Master's Program, R. Roberts lab, UAB Department of Psychiatry)

2017- 2018: Jeffrey Singer (M.D.-Ph.D. candidate, UAB NIH Medical Scientist Training Program, C. Weaver lab, UAB Department of Pathology – graduated with Ph.D. Summer 2018)

#### **Service on undergraduate student honors thesis committees:**

2019: Leanna Crafford (UAB Science and Technology Honors College) – mentor

2017: Alexandria Nichols (UAB Science and Technology Honors College) – R. Patel lab, UAB Department of Pathology

#### **Undergraduate students mentored:**

Fall 2018 - present: Abigail Long (UAB Science and Technology Honors College) – directly mentored by Researcher V Poulami Basu Thakur

Summer 2018: Benjamin Nelson (UAB SIBS undergraduate research program) – directly mentored by Researcher V Poulami Basu Thakur

Fall 2017 – present: Leanna Crafford (UAB Science and Technology Honors College) – directly mentored by graduate student Rhea Derke

Summer 2017: Rachel Sutton (UAB SIBS undergraduate research program) – directly mentored by Researcher V Poulami Basu Thakur

Fall 2016 – Spring 2019: Arya Pokhrel (UAB Science and Technology Honors College)

Summer 2016: Jennifer Chavez (UAB PARAdiGM undergraduate research program)

Spring 2016 – Spring 2018: Amanda Rudat (UAB Science and Technology Honors College)

Summer 2012 – Fall 2015: Emily Schwessinger, Benjamin Parker, Nico Wagner, Adam Krieger, Nathaniel Hock, Siddhant Dogra, and Mehadi Muhith (U. of Michigan mBio and Undergraduate Research Opportunity Programs).

Summer and Fall 2011: Erica M. Smith (U. of Michigan)

Summer 2009: Karla J. Esquilin (UW-Madison Research Experience for Undergraduates).

Summer 2008: Becky Thorburn (UW-Madison Research Experience for Undergraduates).

#### **HONORS AND AWARDS**

**Herman A. Smythe Award**, 2009: This award recognizes research excellence by a doctoral student in the UW-Madison Bacteriology department.

**Louis and Elsa Thomsen Wisconsin Distinguished Graduate Fellowship**, 2008-2009: This award is designated to support graduate students in the College of Agricultural and Life Sciences at the University of Wisconsin - Madison who have established an outstanding research record.

**Jerome J Stefaniak Predoctoral Fellowship**, 2008: This award recognizes research excellence by a doctoral student in the UW-Madison Bacteriology department.

**Herman H. and Gwendolyn H. Shapiro Medical Scholarship**, 2004-2005: This award is given to exceptional second-year students in biomedical sciences at UW-Madison.

**Wine Spectator California Fellowship**, Winter 2000: This fellowship is awarded to outstanding graduate students in viticulture and enology, reflecting my studies in the Food Science department at the UC-Davis.

**National Dairy Promotion Board Scholarship**, Spring 1998: This undergraduate scholarship is awarded based on academic achievement, an interest in a career in a dairy-related discipline, plus demonstrated leadership, initiative and integrity. I received this award while studying Food Science at Cornell University.

**Institute of Food Technologists Junior/Senior Scholarship**, Fall 1997: Awarded in recognition of outstanding academic achievement in food-related studies.

**Charles H. Roberts Scholarship**, Cornell University, Fall 1997: Awarded in recognition of academic achievement by an undergraduate student.

**General Mills Food Science Award**, Spring 1997: Award for incoming freshman or existing undergraduates with a 3.00 GPA in Food Science.

## OTHER EXPERIENCE

### University Activities and Committees

Nov. 13, 2018 – present: UAB Graduate Biomedical Sciences Microbiology Theme Admissions Committee

May 29, 2017 – present: UAB Microbiology Department Bacteriology Faculty Search Committee

Jan. 4, 2016 – present: UAB Microbiology Department Seminar Series and Special Lecture Committee

Dec., 2018 – Jan., 2019: faculty coordinator for the UAB Microbiology Department's contribution to the UAB School of Medicine Diversity Fair (Jan. 25, 2019), for which the department shared first prize

Jul., 2017: Department of Microbiology new website content group (with UAB School of Medicine Communication team)

### Professional Development Activities:

May 14 – 17, 2018: Computational Genomics Advanced Level Immersion Course for Investigators at UAB (Heflin Center for Genomic Sciences, CCTS)

UAB Center for Teaching and Learning Workshops:

Aug. 2, 2016: Faculty Foundations: New Faculty Teaching Orientation

Sept. 6, 2016: Faculty Foundations: Understanding the QEP

Oct. 4, 2016: Faculty Foundations: Disability Support Services

Dec. 6, 2016: Faculty Foundations: Understanding Research

Feb. 7, 2017: Faculty Foundations: Title IX

Mar. 7, 2017: Faculty Foundations: Guide to the IDEA Survey

Apr. 4, 2017: Faculty Foundations: Promoting Global Awareness in the Classroom  
Apr. 2, 2019: Platinum Level Capstone Presentation: High Impact Teaching to Motivate Students

UAB Center for Clinical and Translational Science Case Studies in Mentoring:

Aug. 7, 2017: Maintaining Effective Communication  
Aug. 28, 2017: Addressing Equity and Inclusion  
Sept. 18, 2017: Promoting Professional Development  
Sept. 25, 2017: Cultivating Ethical Behavior  
Oct. 2, 2017: Articulating Your Mentoring Philosophy and Plan  
Oct. 18, 2017: Aligning Mentor/Mentee Expectations  
Oct. 25, 2017: Assessing Mentee Understanding  
Mar. 5, 2018: Cultivating Ethical Behaviors

Jan. 20, 2017: UAB School of Medicine Junior Faculty Career Workshop

Alabama Drug Discovery Alliance Lecture Series:

Feb. 21, 2017: Introduction to Drug Discovery  
Mar. 14, 2017: Medicinal Chemistry: From Hit to Lead  
Mar. 21, 2017: High Throughput Screening  
Apr. 4, 2017: How to Submit an IND  
Apr. 18, 2017: Pharmacokinetics and ADME  
May 9, 2017: What is a Valid and Druggable Target?

Nov. 3, 2016: UAB Faculty Senate Faculty Development Promotion & Tenure roundtable discussion

Apr. 18-22, 2016: UAB Mentoring Academy (UAB Office of Postdoctoral Studies)

Fall 2011: Postdoctoral Teaching Short Course (U. of Michigan Center for Research on Learning and Teaching)

Summer 2008: semester-long Mentor Training Seminar with Dr. Jo Handelsman (Wisconsin Program for Scientific Teaching).

2008 – 2009: Howard Hughes Medical Institute Teaching Fellow
